- * The Plain Township Fire & Rescue Department investigates open burn complaints and contacts the local EPA authority for enforcement.
- * You are advised to call the fire department at 330-492-4089 twenty-four (24) hours in advance of a legal open burn. Contacting the fire department does not grant permission for an illegal fire.
- * We will attempt to monitor situations, as needed, to maintain a reasonable number of open burns.
- * Excessive fires, with complaints being received by the fire department, shall be classified as a "nuisance" and the applicable laws will be enforced.
- * The local EPA authority may be contacted at 330-489-3385.
