For Immediate Release:

**PLAIN TOWNSHIP SELECTS NEW SUPPLIER AND NEW LOW RATE FOR
ELECTRIC AGGREGATION PROGRAM**

Plain Township, Ohio January 5, 2021 – Plain Township officials are pleased to announce that they have selected Energy Harbor to serve the next term of the Township’s electric aggregation program. Energy Harbor recently won a competitive proposal process and was chosen by the Township because they provided the best overall value for the program. The Township has set a fixed rate of 4.78 cents/kWh for a 4-year term starting with March 2021 meter reads. Residents and small businesses should look for a mailer to arrive on or about January 7, 2021 concerning the new electric aggregation program offer from Energy Harbor.

The mailer will explain the low offer the Township negotiated and the means to opt-out should a customer not want to participate in the program. Residents will have 21 days to return an opt-out card to Energy Harbor, if they decide not to participate.

Township Administrator Lisa Campbell said, “We are delighted by the low fixed-rate of 4.78 cents/kWh for Plain Township residents and businesses. This rate is lower than the alternative rates from AEP/Ohio Power, and lower than the rates residents received in the previous program term. The new rate will allow residents to predict their costs and will protect them from rising rates for the next four years. Our new rate is very attractive, and as before our program has no early termination fee.”

Any residents who have already chosen a supplier on their own will not be automatically included. However, if they wish, they can still join the program and get the same rate, terms, and conditions as their neighbors. These residents will have to contact Energy Harbor at 866-636-3749 in order to join the program, and should review their current supply contracts to make sure there are no early termination fees.

The Township is pleased to have made this program possible but asks that you do not call the Township offices. They are not equipped to handle a large volume of calls. If residents have any questions, they should contact Energy Harbor at 866-636-3749 after they receive their letter.
